COMPANY PROFILE

— ABOUT SAMG

Quality is what we pursue, we know what we do.

SAMG is a manpower supplying and contracting company based in the Kingdom of Saudi Arabia, delivering professional, comprehensive and cost-effective solutions to industrial projects of every scale. Our services span **technical manpower supply**, and the **construction and maintenance** of small- and large-scale industrial facilities.

We are committed to providing high-quality plant maintenance services built on advanced technological innovation and years of cumulative field experience. Our skilled manpower strives to deliver the highest-quality solutions to every customer, with extensive experience across the commercial, industrial and electrical power sectors in Saudi Arabia. Our reputation rests on reliable advice, quality workmanship, and delivering every service in a timely, cost-efficient manner.

Manpower Supply

Skilled technical staffing for outsourcing & industry needs

Plant Maintenance

Advanced, technology-driven maintenance programs

Construction

Small- to large-scale industrial project delivery

Proven Reputation

Reliable advice & quality workmanship, on time

Our team has extensive experience across **commercial and industrial sectors** and **electrical power projects** throughout Saudi Arabia — engineered, staffed and maintained to the highest standard.

Mission, vision & people

The principles that guide every project we take on, every site we staff, and every relationship we build with our customers.

Our Mission

To participate in the development of Saudi Arabia's energy and industrial sector by providing the best possible electrical and mechanical solutions to our customers at affordable prices — backed by strict quality and safety controls that ensure every customer gets the best.

Our Vision

To be an inspiration in the electromechanical contracting world by achieving operational excellence, industry-leading customer satisfaction, and superior financial performance.

Our People

Employees are our greatest asset and the foundation of our success. We value our people, encourage their development, reward performance, and welcome feedback from everyone. We protect our employees, clients and sub-contractors by maintaining excellence in health and safety at every office and project location.
